## HAMILTON LOSES TO ROCHESTER

**20-0 Defeat Sustained. Team Weakened by Injuries Unable to Check Gains by Forsyth. Pope's Tackles a Feature.**

Rochester University 20 Hamilton College 0 was the score of the game played at Rochester Saturday. The team from Clinton was defeated by a team that was its superior in almost every department of the game. Their line was fast and low and this made up to a great extent for their lightness. The backfield was the best that they have had for several years. Practically all their attack was centered around Forsyth and at the same time the other backs could gain simply because of their almost perfect interference.

**Injuries Weakened Team.**

Hamilton started the game without the services of several star men, in fact the team was composed in large part of substitutes and second string men. Jessup, the big and fast tackle, was so badly hurt in the New York game that he may be out of the game for several weeks. His absence was sadly felt. Potter was unable to play on account of his shoulder and it is very hard to fill his place at gaurd. Woolnough, the other gaurd, is still out of the game with a broken collar bone. Ogden is still bruised as a result of the game a week ago and could not play up to his standard. And finally, Captain Robinson found it impossible to run at all with his bruised heel and was taken out of the game early.

The team that did represent Hamilton, altho it was in large part green and light, put up a hard fight. Save for the first few minutes of play, during which the team showed its habitual slowness in getting "warmed up," the men played hard and gamely. Pope, first at full and then at end, was a tower of strength and easily the star of the game for Hamilton. Time after time he stopped Rochester's advance after the runner had passed the line and seemed free. Eddy played well as did the other old men on the line, while of the substitutes Emeny showed up well, playing the best that he has so far this season. "Fritz" Lee and Keddy, substituting in the backfield both, did some plucky work, leaving their feet in long dives to spill the fast Rochester backs. LaForce made good distance on his punts considering the inability of the line to hold while he kicked.

The field was muddy and dotted with puddles of water which doubtless had much to do with the poor passing and fumbling. Rain began to fall in the second half. Only a small crowd turned out to see the game, but a score or so of Hamilton supporters cheered lustily for the team thruout the contest.

**Scoring Begins Early.**

The game began shortly after three and the ball had not been in play three minutes before the Yellow and Black had scored. Rochester kicked off to Bristol and he came back 10 yards. On the first play Hamilton fumbled and Rochester recovered. Chesbro bucked the line for no gain. Lanni went around right and for 10 yards. With eight yards to make for a touchdown, Chesbro ploughed thru for six yards and Forsyth went over the line for the remaining two. After the punt out, Forsyth kicked the goal.

LaForce kicked to Lanni who was tackled in his tracks by Pope. Rochester could not make their distance in four downs and the ball went to Hamilton. Hamilton could not do any better and LaForce kicked to Neary. Rochester made several line play and then punted. Hamilton was again held for downs and after a forward pass was tried, which failed, the ball went to the Yellow. Then by means of two nicely executed forward passes the ball was advanced 35 yards and an eight yard run by Neary secured another touchdown. Forsyth failed to kick the goal so the score stood 13 to 0.

LaForce kicked to Neary and Rochester started up the field from the 20 yard line. Robinson's foot forced him to leave the game and he was replaced by T. Lee. Forsyth on a punt formation made a nice run of 20 yards, and then straight plunging gave them 20 yards more. A forward pass was tried but Pope leaped straight up in the air and caught the ball. Bristol and Pope each made two yards and then Ogden skirted the end for eight more. LaForce was called on to punt and for the rest of the half the ball was kept in the middle of the field. Pope had his shoulder badly wrenched but he pluckily kept on playing.

**Second Half.**

At the beginning of the second half there were several changes in Hamilton's line up. Leavenworth who had gotten a badly sprained ankle was relieved by Paige. Keddy went in for Pope and Pope took Eddy's place at end. Eddy replaced Little at tackle. Emeny although still suffering from a bad ankle took Huntsman's place. Rochester started off this half just as they did the other. LaForce kicked to Neary and he came back to the center of the field. Lanni ran 20 yards before he stopped and then made 14 yards on two line plays. Here Hamilton seemed to take a brace and held the ball on her 12 yard line. It was Hamilton's ball on downs but they immediately fumbled. On the next play Lewis, the Rochester left tackle, was disqualified for unnecessary roughness and his team penalized half the distance to the goal, about 45 yards. It was first down and 55 yards to go and here Rochester showed her gameness and fight by making the distance. Four line plunges put the ball over for Rochester's third and last touchdown. Forsyth kicked the goal making the final score 20 to nothing. Bishop went in for Long, Doyle for Storey, Buffington for Gayton and Hammbey for

Dr. Frank Hoyt Wood, Progressive C andidate for Member of Assembly From the Second Oneida District. ..

## OGDEN ELECTED PRESIDENT.

At a meeting of the Political Science Club held last Wednesday Evening at the home of Prof. Davenport, George B. Ogden, of Utica was elected president of the organization and Arthur S. Pohl of Vernon was unanimously elected Secretary. The evening was devoted to a discussion of the City Manager plan and a resume of an article by Theodore Roosevelt on the Spanish-American war, showing the inefficiency of the army leaders of Congress in time of war.

## DOCTOR WOOD FOR ASSEMBLY

**Progressive Candidate for Assembly From 2nd Oneida District Yields to Desire for Clean Politics and Urgings of Friends.**

"Baldy" Wood has entered politics. But it does not necessarily follow that he is about to seek an abode in paradise or any other more torrid preserve. "Baldy" just as rational as ever, and to apply the term "politician" to him is impossible. And that is just the reason Dr. Frank Hoyt Wood, head of the Department of American History, has announced himself as candidate for member of Assembly from the Second District of Oneida county on the Progressive ticket. Tho an expert in matters of American government, Dr. Wood is most certainly not a politician. In his own honest and earnest way, he is starting on his campaign for justice in government.

To every man on the Hill, Dr. Wood is "Baldy" and the scurf song runs, "Oh, here's to good old Baldy Wood." We know Dr. Wood as a sincere, straightforward man, and a loyal friend. Now his "hat is in the ring," and all the revilings of a political campaign are now to be let loose upon his fair name. He will be falsely quoted, his statements twisted, his motives doubted, and Dr. Wood will come thru unscathed with the big task before him of representing the Second District at the Capitol.

Dr. Wood's platform has been criticised because it is so simple. "I am running," he says, "because I am convinced that it is permantly hopeless to get the decent majority of either Democrats or Republicans is control. The request came from some of my neighbors and friends, not men who wished to advance my personal fortunes, but men who wanted to see an Assembly at Albany controlled only by a sense of public duty." To get right down to rock bottom, it is this "sense of public duty" that has driven Dr. Wood into the Progressive fight. He realizes the keen necessity for "unbossed" men in the legislative halls of our government, and consented to make the sacrifice of his time and energies, not to mention the incidental campaign expenses, for the cause. These are his words: "We need at Albany for the next Legislature an Assembly composed of men who wear the collar of no boss and who will let in the light fearlessly and pitilessly upon all departments of the government of the state. During the recent investigations and exposures nothing has been more evident that the desires of the powers back of each of the old parties to shield the leaders of the other, when the penitentiary gates seem to swing open to them. An unbossed Assembly can accomplish two things at least. First, it can carry on the indispensable work of further investigation. It can see that fraud and jobbery in the road building, canal building and the benevolent institutions of the state shall cease. In the second place, it can prevent further legislation for the purpose of throwing the government of the state more completely under the dominion of Tammany Hall."

Dr. Wood declares that, while it is a question for women to de-

### The Football Situation.

The dreaded mid-season slump in the football department came with the defeat at Rochester Saturday. It did not come, however, like a bolt out of a clear sky as in the case of the Hobart game last year. The accumulated injuries of the past weeks simply reached their climax in this game against one of the strongest teams on the schedule, a team in prime condition, and the natural result followed. The team did not lie down. It was only half a team, fighting against heavy odds, and it lost.

The College is not going to lash the team nor the coach for this defeat. If any Alumni have it in mind to do so, they had better get rid of that idea immediately. If there's any lashing to be done it had better be directed on the College with the intent of getting men out for football to take the place of the band of cripples who are trying ineffectually to make a team and getting more crippled with every try. Some of the best football material in College is kept from the field by parental objection, and many of these parents are Hamilton men who would decry the idea of Hamilton's giving up football. Other men, who have been pronounced fit by the physical examiner, plead weak hearts and go out for gruelling track work.

The College must face this situation promptly and courageously. It must get behind the team before the remnant becomes disheartened. Hobart a week ago seemed easy prey. Now it looms up almost as great a stumbling block as ever. Will Hamilton allow this little college, boasting a "large entering class of forty-four men", to add another victory to the list which should record none? Then put some men out on Steuben Field this week, and follow them to a man with some real cheering practice. And if any Alumnus wants to see the men tackle as they used to when he was in College, as one was heard to remark at the Rochester game, let him come back and do some individual coaching on some of the green material that is being used to fill up the crippled places in the line.

**This is no time to knock. Get out and do something. Stop the slump before it goes any farther.**

### Illegal Wearing of the "H."

It will doubtless surprise and shock the whole College to learn that two-thirds of the men in College who are wearing the "H" have no legal right to do so. The conditions are not really so bad as that sounds, for the moral right of the men to wear the insignia is undisputed. The explanation lies in a technicality.

Article 2 of the By-Laws of the General Association for Undergraduate Activities contains the following regulation:

"No 'H' shall be worn by any member of any college team without a certificate of the qualifications of such member to wear the 'H', signed by the captain of that department under which the 'H' shall have been won and the president of the Association. Such certificate shall be given only by order of the Executive Council on recommendation of the respective captains."

For several years past there has been much neglect in the issuing of these certificates. The Football men have received them in the course of a few weeks or months after the close of the season, but as near as Life can ascertain there have been **no certificates issued for the wearing of the Baseball or Track "H" in the history of the present College generation.**

Possibly the greater neglect in these two departments has been due to the long summer vacation following immediately after the close of the seasons, and the succeeding of new officials with the re-opening of college. The men who win their letter and do not come back to college have no way of obtaining certificates and so never have the proper legal authority for wearing it This fact does not deter them from it, any more than it does the others who come back, for continued disregard of the regulation has destroyed its force.

**Life** lays no blame upon thes men. It is a case with them of disregarding the regulation or never wearing the "H" to which they are justly entitled. Life does not purport to know on whom the blame should rest. It is obviously, however, a case for the Executive Council to take up and provide some remedy for. It is to be hoped that it will not be found expedient to amend the By-Laws to the extent of striking out the regulation, for it only needs enforcement to be a very good one. Its purpose is to add dignity to the wearing of the "H", to guard against careless or indiscriminate use of the insignia.

From this somewhat pardonable disregard of the rule on the part of the men eligible to receive the letter, a still greater abuse has arisen, that of wearing the letter as soon as the requirements as to number of games played in or points won in a meet are fulfilled. No man should wear the "H" until the Executive Council has approved his qualifications. If statutes of equal standing can differ in importance, this part of the regulation is even more important than the other.

A further regulation of the By-Laws read as follows:

"Every "H" or insignia to be worn, shall be procured from the secretary of the Executive Council."

A stricter observance of this rule would prevent the procuring of letters which do not conform exa tly to the measurements prescribed in the By-Laws, one or two cases of which are observable in College at the present time.

**LIFE urges strongly that the Executive Council take measures to have these regulations enforced, both now and for the future, and to have the issuing of certificates made both prompt and regular.**

### The Capture of the Caps.

**Life** is loth to criticise the Sophomore Class for anything that can be regarded as a show of class spirit or "pep" of any kind. In so far as the clandestine seizure and spiriting away of the Freshman caps was that, it was commendable, but as reflecting on the good sense and discrimination of the class it was a bad job, a miserable bungle.

In the first place, the Sophomores have nothing officially to say as to the wearing of Freshman caps. It is a custom inaugurated by the upperclassmen last year and enforced by them, and it still remains in their hands. In the second place, the furnishing of those caps this year was a purely business matter between the agent of Spaulding's, who happens to be a member of the Senior Class, and the Freshmen. At the time the caps were taken they were still in the possession of the agent.

If the Sophomores thought they were "slipping one over" on the Freshmen by taking the caps, they were much mistaken. The latter have not expressed any great desire for the green head-gear. If they were attempting to do away with the newly instituted custom of Freshmen wearing caps, they were entirely out of order.

As before stated, **Life** would not criticise the Sophomores too harshly for their apparently ill-considered action, but would rather suggest that they continue their show of interest in the Freshmen, and work more in the open if possible.

October 10th, 1913.

To the President of the General Associaton of Undergraduate Activities,

Dear Sir:

At the recent stated meeting of the Alumni Council held at Utica on Saturday, the 4th of October, a resolution was adopted, the substance of which the Secretary was directed to transmit to the proper authorities at the college, with the request that all practicable publicity be given thereto.

The Council by this resolution expressed its gratification because thru the influence of a sentiment that has been growing among the students for the past decade, the practice of "gym" shows has been discouraged, and finally discontinued; the Council being careful to state in the resolution, however, that it does not desire to criticise or comment unfavorably, in any way, upon any proper and reasonable measure taken for the purpose of inculcating wholesome traditions of the college, or proper personal or class conduct, in the members of the Freshman Class.

The members of the Council recognize that no definite rule in regard to this particular matter can be laid down for universal application and that, to a large extent, the matter depends upon the personality of the members of the class, and that the whole question has to be left very largely to the judgment and discretion of the two upper classes, whose authority and influence in undergraduate matters the Council believes should be preserved from unwise or ill-considered impairment.

May I rely upon you to see that these sentiments are given publicity in the college papers, and in any other proper way that you may find convenient? Thanking you in advence for your courtesy, I remain,

Richard C. S. Drummond,
Scretary Alumni Council.

## DOCTOR WOOD FOR ASSEMBLY

(Continued from p. 1)

cide, he would vote for a woman suffrage bill.

The conversion of Dr. Wood to the Progressive doctrine was not the work of a minute. When the break in the Republican party came over Mr. Stimson, Dr. Wood followed developments. He attended the Republican National Convention at Chicago, and there grew in sympathy with the Progressives. He waited, however, until he saw that the movement was to be a permanent one before affiliating himself with it. Dr. Wood was a delegate to the State Convention last fall, which nominated Strauss and Davenport, and put in hard work on the Platform Committee which drew up the articles upon which the new party is to stand in this state. He also did considerable speaking last fall for the local and state committees. He has been the past year an active member of the Progressive State Committee which framed the bills introduced in the Legislature to carry out the planks of their platform. Dr Wood is also prominent in the Utica Progressive Club, being one of its directors.

To a **Life** reporter Dr. Wood gave the following statement:

"My campaign is largely an appeal to independent men of all parties in order that we may have for the next year an Assembly at Albany which can stand between the organized plunder of Tammany Hall and the treasury of the State, which means the pocketbooks of all the people. For various historical reasons it has proved to be impossible for the Progressive element of the old parties to get together under either of the old banners. The great service that the Progressive party can render the state in the present campaign is to afford a common ground upon which right thinking men of all parties who are determined to redeem the government of the state may stand."

Dr. Wood spoke at Deansboro and Waterville Saturday with Prof F. M. Davenport and Paul B. Williams, '08. Meetings have been held at Vernon Vernon Center and Utica. A series of evening out-door meetings is being planned. On Dr. Wood's speaking list are Mr. Stoddard M. Stevens, of Rome, and Bainbridge Colby, of New York.

## BACK TO THE CLASSICS.

It is a rather remarkable fact that seems to show a swinging of the pendulum back to the Classics that in the present Freshman Class besides those that entered with Greek there are twenty-one men who have elected to begin Greek this year. These with the three Sophomores who are beginning it, have made it necessary for Prof. Fitch to devide the beginning class into two sections. Besides these there are as many as fifteen men entering with Greek.

Judson, '08, who was on the hill last week, has been appointed chairman of the Oneida County Progressive Committee.

## TENNIS TOURNAMENT.

The finals of the fall tennis tournament were played off last Tuesday, Royce defeated McLouth for the title after a four set match. The score was as follows: 6-2, 3-6, 6-2, 6-3. The winner received a gold medal and the runner-up a silver medal. Owing to the fine weather, the tournament was finished much more promptly than last fall, when the championship match was postponed and finally defaulted.

## DR. STRYKER TO BE THERE.

President Stryker will be one of the prominent educators present at the inauguration of Dr. Lyman P. Powell, former professor of business ethics at New York University, as president of Hobart College. The inauguration will take place on Friday and Saturday, November 14th and 15th.

## HAMILTON MEN ACTIVE.

Wednesday evening a large Progressive rally was held in Utica. Prof. Calvin L. Lewis was chairman of the meeting and Dr. Wood, who is candidate for member of Assembly, and Paul Williams, 08, were among the main speakers of the evening. Both of these men were enthusiastically received by the large crowd assembled.

Cole, '14, and Schwenk, '15, spoke at the County Convention of the Christian Endeavor Society held at Clinton on October 17.

From the Utica Press, in a report of the Utica Orphan Asylum:

"Mr. Barnes of Hamilton College has superintended the outdoor work and general recreation of the boys including swimming and other athletic sports, and we can not say too much in recognition of his faithful work."

The Albany Knickerbocker-Press of last Sunday contained a large cut of Benjamin Arnold, '86, and a short sketch of his life.

Dr. Goss, '72, and his wife were guests of Dr. and Mrs. Stryker last week. Dr. Goss has just resigned from the pastorate of the First Presbyterian Church of Cincinnati which charge he has had for about forty years.

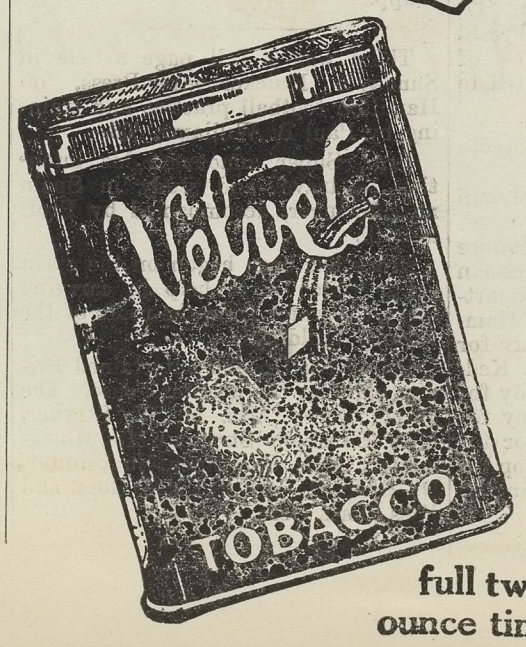
Velvet
THE SMOOTHEST TOBACCO



THE greatest joy that follows the hardships of training, is the moment that you can heap the briar bowl with good old Velvet. Superb leaf—the tenderest leaf—aged over two years—perfect maturity—disappearance of all leaf harshness—leaving that rare degree of mellowness—superb flavor—the smoothness so enjoyable. Velvet is free from all harshness. Smoke Velvet as often as you like, always cool burning—"good old stuff!" At all dealers.

## HAMILTON PLAYS HOBART SATURDAY ON HOME FIELD

**Game With Hobart Will be Fierce Battle. Hamilton Will Try to Break Series of Genevan Wins.**

Saturday Hamilton will make another attempt to get revenge on an ancient rival, Hobart being the invaders at the second home game of the season. So far this Fall the Purple Team from Geneva has not shown much class, Colgate having easily defeated it, 46-0, two weeks ago.

Altho Hobart appears weak this season, the result of her games played cannot be considered as a sample of her strength against the Buff and Blue, as Hobart players would rather beat Hamilton than any other College on their schedule. When Hobart played at Colgate on October 11, a number of Hamilton men who watched the game reported that poor spirit was shown by the Geneva team.

On the Hobart team are two veterans who are expected to put up a good game against the Buff and Blue, Captain Hall at left end and Van-Ingen at left tackle. The Geneva line-up, however, suffered a severe loss last week when Joyce, the star quarterback of the team, was disabled for the remainder of the season by a broken collarbone. The game will not be a snap for the Buff and Blue by any means, altho a victory is expected.

The scores of the games for the past four years follow:

1909 Hobart 0, Hamilton 9.
1910 Hobart 17, Hamilton 0.
1911 Hobart 6, Hamilton O.
1912 Hobart 19, Hamilton 0.

Hobart will probably line-up as follows: Hall (Captain), l. e., Van Ingen, l. t., Pascoe, l. g., Hobbs, c., Robbins, r. g., Skinner, r. t., Jenkins, r. e. Winchester, q. b., Cambell, r. h. b., Patterson, l. h. b., Spaulding, f. b.,

Neary. The quarter ended soon after with the ball in Rochester possession and first down.

**Hamilton Fights Hard.**

Just as Hamilton has always done and best during the last quarter. this year, the team played hardest Rochester began sending in her substitutes and before long the Hamilton backs were making good gains and were making them consistently. The pony back field played hard and made some good gains around the end. Hamilton's best chance to score was in this period but the whistle came too soon, just after Rochester' first string players had been rushed back into the game to stop Hamilton's advance.

## LIBRARY MAKES PROGRESS

**Will Have Building Enclosed Before Snow Flies, Says DeRegt.**

Tho work is again held up on the new Library by the lack of material, "Andy" DeRegt is confident the building will be enclosed before snow flies. Dr. Stryker has announced its completion for next June. As matters stand now, there is still a great deal of work to be done if the above prophecy comes true. The stone work of the first two stories is complete, and the third is rapidly being pushed. The building is of limestone and litholite, which comes all ready moulded from Syracuse. When the roof goes on, that over the main part will be tiled, while the covering over the big stack rooms will be glass. Over the entrance to the library will be a large tablet representing a curtain.

The first floor of the new building will be tiled, the second of glass. The librarians office will be at the right of the entrance and behind it the catalog room. On the left are two reading rooms. The entrance leads directly to the big stack room, 35 feet high, which will have mural decorations in stone and plaster.

The entire third floor will be devoted to a Memorial Hall. The College has a large collection of valuable Hamiltoniana which for a long time has had no suitable resting place. The Memorial Hall will have no windows in the side walls, but will get light thru an immense glass roof. Stained glass windows will be used as much as is practicable in the lower floors. Two elevators will be installed for transferring books.

## WILLIAM H. BALDWIN PRIZE.

The National Municipal League of which the Political Science Seminar is a member announces a prize of $100 to be given to the author of the best essay on the subject "Is the Commission Form of Government a Permanent One." The Prize will be awarded by judges selected by the Executive Committee of the League, and will be offered to undergraduate students registered in a regular course in any college or university in the United States offering direct instruction in municipal government. This makes every student in Hamilton College eligible and it is hoped that many will write. The essay must not exceed 10,000 words in length. The announcement of full particulars is posted on the chapel bulletin board.

## FRESHMAN MEMBER CHOSEN.

The honor court held a meeting last Tuesday at which Dayton, '17, of Auburn was elected as the Freshman representative. The rules of the honor system were distributed to the Freshmen last week.

## FRATERNITY LEGISLATION

**Delta U. Convention Bars High School Fraternity Boys.**

At the Delta U. Convention held in Rochester a decided stand was taken against High School fraternities. The Convention ruled that after 1916 no man who had been a member of a secret High School fraternity could be initiated into the Delta Upsilon Fraternity. This was done in accordance with the plan put forth at the Inter-fraternity Conference last year at Chicago. The convention also sent a resolution to the coming inter-fraternity Conference asking that the other fraternities follow her in this plan.

The reason for such action is found in the recent agitation for legislation against fraternities in State Universities in the West. It is the feeling of College fraternity men that most of the opposition to College fraternities is due to the bad impression made upon the public by the members of the High School organizations trying to ape the older organizations. It is chiefly in an effort to do away with the prejudice against fraternities and also to help in solving the problem of High School societies that some College fraternities are taking this stand. Then, too, it is felt that many men who have come from these mimic fraternities think that because of their years of experience in a High School Fraternity they know it all, not just the proper attitude for a freshman to take. It is hoped that other Fraternities will take this matter up, as concerted action only can obtain the best results.

## LATIN CLUB ORGANIZES.

At the recent meeting of the Latin Club, Chas. Dayton, '14, was elected president, Arthur S. Pohl, '14, vice-president, and D. A. Woodcock, '15, secretary-treasurer. Barnes, Crumb, Patton, Keddy, and Fulton '15, and Bergner and Higgins '16, were elected to membership. It was decided to take up Roman Public Life for the year.

Prof. Hastings of the faculty was present at the meeting. After a very enjoyable evening refreshments were served.

## CHESS CLUB.

The Chess Club will begin its season with an open tournament, followed by an elimination tournament for the championship of the College. The winner will receive medals as prizes. Mr. Watson will again coach the team. All desiring to enter the tournament may speak to either President Dayton or Secretary Clapp.

There was a full page article in Sunday's Knickerbocker-Press, on Hamilton football practice and training by Paul B. Williams, '08.

Prof. Super announces his intention to travel and study in Spain next Summer, accompanied by Prof. Morrill.

Work has been begun on the extra sewer which is to help in carrying away the water from the roofs of the various buildings.

Psi of Psi Upsilon entertained Friday night at the chapter house. The guests were: Mrs. M. W. Stryker, Miss Elizabeth Stryker, Mrs. Buckminter, Miss Constance Buckminter, Dr. Chas. F. Goss and Mrs. Goss, and Miss Doris Gere.

## MUSICAL CLUBS BEGIN ON HARD PRACTICE SCHEDULE

**Clubs Prospects Bright. Entering Class Brings Many Good Voices. Talk of Concerts Begins.**

This week sees the season of the musical clubs started out in earnest, and it is to be a good busy season, too. The first Glee Club rehearsal was held yesterday afternoon, and there will be regular practice three times a week from now on. The quartet and the Instrumental Club are also beginning practice this week. The schedule of appearances of the Clubs will be started later with short trips to Rome, Ilion, and other near-by cities.

As for the Glee Club, it is hardly necessary to say that the prospects now are for a better club than any in the past three years at least. The Freshman class has proved a bonanza in the matter of voices. The Club is strong in all the parts except first tenor. Weed,'17, who has shown up especially well so far, will probably sing that part on the quartet. As a result of the recent try-out, thirty-five men have been taken on the squad, of whom about twenty will be picked later to go on the trips. The members of the quartet will probably be as follows: First tenor, Weed; second tenor, Brown; first bass, McGibeny; second bass, Banks.

The program of the Glee Club will open, like that of the Pennsylvania club, with "Red and Blue," while "We Come to Hang Our Banners" will be used as an encore. McGibeny's Hamilton song, arranged in parts, will be another feature. Dick Beer is to recite "A Fool There Was," or something else on the same line, and "Mac" is busy working up his piano stunts.

This year, in an endeavor to make the practices more satisfactory, a copy of every piece will be given out to each man, to be learned outside of rehearsals. After a couple of weeks, in order to get things perfect, the songs will be sung in quartets.

The Mandolin Club has also taken on a number of Freshmen, and under the leadership of Flagg, with the increased number of men, is looking forward to a good year. The rehearsals begin this week.

## CLASS ELECTIONS.

The Senior Class completed its election of officers with the choice of O. G. Burns of Clinton, secretary, and George Ogden of New Hartford, treasurer.

The Sophomore Class elected the following officers yesterday: President, Geoffrey Ogilvie; vice-president, William N. Robson; secretary, Hudson Covert. The treasurer will probably be elected to-day.

## ON HAMILTON'S SCHEDULE.

Hobart 0, Rutgers 71.
Union 3, Wesleyan 16.

---

The Standing in the **Life** competition follows: Sophomores, Groves, McMillian, Freshmen, Seavers, Truax, Walling, Warren, Pohl, Lewis, Barto, and Lyon.

John Bissell, '15, received word last evening that he had passed his examinations and had been admitted into West Point. He will probably leave the Hill for the Army College immediately.

Sisson, '02, is Democratic candidate for District Attorney of Oneida Co.
